## News From Elizabeth's Village

Elizabeth's Village is really seeing some wonderful benefits from our new After School Program. This program that started on August 13 is now offering children living in our home and those who have completed the program a chance to get some additional one-to-one time on their education and life skills. The goals of our program are to pour love, build confidence, and enhance education. The program is open Monday-Thursday 3-6pm when school is in session. We have already seen drastic results with our kids in many ways. Our 4 year old resident has come a long way in just the month that she has been participating. She came to us not knowing her numbers, letters, or how to write her name. She can now print her name and knows many of her letters and numbers. Every day we hear her progressing and our hearts are full. If you would like to join us, we'd love to have you. Come and volunteer, donate healthy snacks, or ask about our needs in the classroom. Come and be a part of this wonderful program!
