## Toyota Employee Matching Funds Program

Thanks to Toyota, we have a relatively new special fund that supports service and mission initiatives in our community. The Toyota Matching Fund is supported exclusively by matching contributions from FCC folks who are Toyota employees. The use of these funds has certain parameters, including being designated for service to people and groups beyond just our own church members. The Finance Committee is overseeing the use and disbursal of these funds in consultation with our Outreach & Community Service Committee. The first two projects to receive support from this fund is a gift of up to \$1500 to Elizabeth's Village to purchase new blinds for all the windows in their resident home and \$1000 to AMEN House towards the purchase of the property for their new planned location on North Hamilton Street. We're grateful for this new and ongoing opportunity to support important work in our community!
